Changing currency to another does not work

Type:

Functional

Description:

On the product page, the functionality (SELECT) related to the change of currencies of the product price does not work

Steps to reproduce problem:

1. Open **https://academybugs.com** site
2. Click the Find Bugs link on the navigation bar
3. Open a product
4. Change the currency in the right side menu

Real result:

The page freezes when changing the currency

Expected result:

The currency is changed as expected

Attachments:

Title:

When select an option from the price filter, the list of products is not displayed

Type:

Functional

Description:

On the products page in the side box, there are price filters. When select a range, the products associated with that price range do not show up.

Steps to reproduce problem:

1. Open **https://academybugs.com** site
2. Click the Find Bugs link on the navigation bar
3. Open a product
4. On the right side menu find the Filter by Price section
5. Select any of the price ranges
6. Also open any item from the right side Store Menu and select the price ranges on the right side menu

Real result:

The same page reloads

Expected result:

A list of products in the selected price range is shown

Infinite loader after logging in

Type:

Performance

Description:

After logging into the account, a loader appears in the billing address section that never stops spinning. The data does not load.

Steps to reproduce problem:

1. Open **https://academybugs.com** site
2. Click the Find Bugs tab
3. Move to the login page
4. Log in to the account by providing correct data

**Real result:**

In the billing address section loader appears

Expected result:

Correct user data is loaded in the billing address section

Attachments:

Title:

User data not saved in billing information tab

Type:

Performance

Description:

After going to the billing information tab of the user's account and filling in the required data correctly, the form cannot be saved. An infinite loader appears.

Steps to reproduce problem:

1. Open **https://academybugs.com** site
2. Click the Find Bugs tab
3. Move to the login page
4. Log in to the account by providing correct data
5. Click the billing information tab
6. Fill all required data by providing correct data
7. Click the update button

Real result:

Billing information is updated after filling out the form and clicking update

Expected result:

Billing information loads infinitely after filling out the form and clicking update

Title:

Shopping cart prices miscalculate

Type:

Functional

Description:

After adding the product to the shopping cart and then going to the shopping cart page, it was noticed that the final price of the product was miscalculated. It is too large.

Steps to reproduce problem:

1. Open **https://academybugs.com**
2. Click the Find Bugs link on the navigation bar
3. Add one or more products to the cart
4. Click the "View cart" link on top of the page, or click "Continue to Shipping" in the checkout details page

Real result:

The grand total is $100 more than the sum of all products in the cart

Expected result:

The grand total is equal to the sum of all products in the cart

Attachments:
